**Annual Funding Notice  
For  
Northeast Carpenters Pension Fund**

---

**Introduction**

This notice includes important information about the funding status of your multiemployer pension plan (the “Plan”). It also includes general information about the benefit payments guaranteed by the Pension Benefit Guaranty Corporation (“PBGC”), a federal insurance agency. All traditional pension plans (called “defined benefit pension plans”) must provide this notice every year regardless of their funding status. This notice does not mean that the Plan is terminating. It is provided for informational purposes and you are not required to respond in any way. This notice is required by federal law. This notice is for the plan year beginning January 1, 2022 and ending December 31, 2022 (“Plan Year”).

**How Well Funded Is Your Plan**

The law requires the administrator of the Plan to tell you how well the Plan is funded, using a measure called the “funded percentage.” The Plan divides its assets by its liabilities on the Valuation Date for the plan year to get this percentage. In general, the higher the percentage, the better funded the plan. The Plan’s funded percentage for the Plan Year and each of the two preceding plan years is shown in the chart below. The chart also states the value of the Plan’s assets and liabilities for the same period.

<b>Funded Percentage</b>			
	2022	2021	2020
Valuation Date	January 1, 2022	January 1, 2021	January 1, 2020
Funded Percentage	81.3%	80.5%	75.6%
Value of Assets	\$1,674,276,615	\$1,536,620,475	\$2,683,450,800
Value of Liabilities	\$2,058,746,423	\$1,908,396,588	\$3,549,092,632

**Year-End Fair Market Value of Assets**

The asset values in the chart above are measured as of the Valuation Date. They also are “actuarial values.” Actuarial values differ from market values in that they do not fluctuate daily based on changes in the stock or other markets. Actuarial values smooth out those fluctuations and can allow for more predictable levels of future contributions. Despite the fluctuations, market values tend to show a clearer picture of a plan’s funded status at a given point in time. The asset values in the following chart are market values and are measured on the last day of the Plan Year. The chart also includes the year-end market value of the Plan’s assets for each of the two preceding plan years.

**Annual Funding Notice  
For  
Northeast Carpenters Pension Fund**

---

	December 31, 2022	December 31, 2021	December 31, 2020
Fair Market Value of Assets	\$1,630,000,000*	\$1,875,901,893	\$1,661,363,817

**Endangered, Critical, or Critical and Declining Status**

Under federal pension law, a plan generally is in “endangered” status if its funded percentage is less than 80 percent. A plan is in “critical” status if the funded percentage is less than 65 percent (other factors may also apply). A plan is in “critical and declining” status if it is in critical status and is projected to become insolvent (run out of money to pay benefits) within 15 years (or within 20 years if a special rule applies). If a pension plan enters endangered status, the trustees of the plan are required to adopt a funding improvement plan. Similarly, if a pension plan enters critical status or critical and declining status, the trustees of the plan are required to adopt a rehabilitation plan. Funding improvement and rehabilitation plans establish steps and benchmarks for pension plans to improve their funding status over a specified period of time. The plan sponsor of a plan in critical and declining status may apply for approval to amend the plan to reduce current and future payment obligations to participants and beneficiaries.

**The Plan was not in endangered, critical, or critical and declining status for the Plan Year ending December 31, 2022 (i.e. the Plan was in the Green Zone).**

**The plan was also certified to be in the Green Zone for the Plan year ending December 31, 2023.**

**Participant Information**

The total number of participants and beneficiaries covered by the Plan on the valuation date was 19,256. Of this number, 5,150 were current employees, 8,663 were retired and receiving benefits, and 5,443 were retired or no longer working for the employer and have a right to future benefits.

**Funding & Investment Policies**

Every pension plan must have a procedure to establish a funding policy for plan objectives. A funding policy relates to how much money is needed to pay promised benefits. The funding policy of the Plan is as follows: the Plan is funded through employer contributions paid pursuant to the terms of a collective bargaining agreement between the sponsoring labor organization(s) and participating employers as well as based on the investment returns of the Fund assets which are invested pursuant to the provisions of an investment policy. On no less than an annual basis, the Fund’s actuary reports to the Trustees the Plan’s funding status and makes recommendations

Northeast Carpenters Pension Fund**

---

concerning changes to the rate of contributions which are appropriate and consistent with the Plan's funding status, investment returns and anticipated contribution hours for use by the sponsoring labor organization(s) and participating employers in the negotiation and administration of their collective bargaining agreements.

Pension plans also have investment policies. These generally are written guidelines or general instructions for making investment management decisions. The investment policy of the Plan is as follows: the overall investment responsibility for the Plan resides with the Board of Trustees of the Pension Fund. The Board selects an asset allocation with the assistance of the Investment Consultant and other professionals. The Plan seeks to achieve the following long-term investment objectives, net of expenses: (1) A long-term rate of return, which meets or exceeds the assumed actuarial rate of the Plan as listed in the Plan's actuarial report, currently 7.00%; (2) maintenance of sufficient income and liquidity to fund benefit payments, and (3) preservation of the principal value of the assets of the Plan.

Under the Plan's investment policy, the Plan's assets were allocated among the following categories of investments, as of the end of the Plan Year. These allocations are percentages of total assets:

<b>Asset Allocations</b>	<b>Percentage</b>
1. Stocks	41.9%
2. Investment Grade Debt Instruments	10.3%
3. High-Yield Debt Instruments	4.9%
4. Real Estate	23.5%
5. Other	19.4%

**Events Having a Material Effect on Assets or Liabilities**

By law this notice must contain a written explanation of new events that have a material effect on plan liabilities or assets. This is because such events can significantly impact the funding condition of a plan. Effective December 31, 2022 the Northeast Carpenters Pension Fund merged into the Eastern Atlantic States Carpenters Pension Fund. To request additional information regarding the merger, please see "Where to Get More Information" below.

**Right to Request a Copy of the Annual Report**

Pension plans must file annual reports with the US Department of Labor. The report is called the "Form 5500." These reports contain financial and other information. You may obtain an electronic copy of your Plan's annual report by going to [www.efast.dol.gov](http://www.efast.dol.gov) and using the search

---

**Annual Funding Notice

Northeast Carpenters Pension Fund**

---

tool. Annual reports also are available from the US Department of Labor, Employee Benefits Security Administration's Public Disclosure Room at 200 Constitution Avenue, NW, Room N-1515, Washington, DC 20210, or by calling 202.693.8673. Or you may obtain a copy of the Plan's annual report by making a written request to the plan administrator. Annual reports do not contain personal information, such as the amount of your accrued benefit. You may contact your plan administrator if you want information about your accrued benefits. Your plan administrator is identified at the end of this notice under "Where To Get More Information."

**Summary of Rules Governing Insolvent Plans**

Federal law has a number of special rules that apply to financially troubled multiemployer plans that become insolvent, either as ongoing plans or plans terminated by mass withdrawal. The plan administrator is required by law to include a summary of these rules in the annual funding notice. A plan is insolvent for a plan year if its available financial resources are not sufficient to pay benefits when due for that plan year. An insolvent plan must reduce benefit payments to the highest level that can be paid from the plan's available resources. If such resources are not enough to pay benefits at the level specified by law (see Benefit Payments Guaranteed by the PBGC, below), the plan must apply to the PBGC for financial assistance. The PBGC will loan the plan the amount necessary to pay benefits at the guaranteed level. Reduced benefits may be restored if the plan's financial condition improves.

A plan that becomes insolvent must provide prompt notice of its status to participants and beneficiaries, contributing employers, labor unions representing participants, and PBGC. In addition, participants and beneficiaries also must receive information regarding whether, and how, their benefits will be reduced or affected, including loss of a lump sum option.

**Benefit Payments Guaranteed by the PBGC**

The maximum benefit that the PBGC guarantees is set by law. Only benefits that you have earned a right to receive and that cannot be forfeited (called vested benefits) are guaranteed. There are separate insurance programs with different benefit guarantees and other provisions for single-employer plans and multiemployer plans. Your Plan is covered by PBGC's multi-employer program. Specifically, the PBGC guarantees a monthly benefit payment equal to 100 percent of the first \$11 of the Plan's monthly benefit accrual rate, plus 75 percent of the next \$33 of the accrual rate, times each year of credited service. The PBGC's maximum guarantee, therefore, is \$35.75 per month times a participant's years of credited service.

*Example 1:* If a participant with 10 years of credited service has an accrued monthly benefit of \$600, the accrual rate for purposes of determining the PBGC guarantee would be determined by dividing the monthly benefit by the participant's years of service ( $\$600/10$ ), which equals \$60. The guaranteed amount for a \$60 monthly accrual rate is equal to the sum of \$11 plus \$24.75

---

**Annual Funding Notice  
For  
Northeast Carpenters Pension Fund**

---

(.75 x \$33), or \$35.75. Thus, the participant's guaranteed monthly benefit is \$357.50 (\$35.75 x 10).

*Example 2:* If the participant in Example 1 has an accrued monthly benefit of \$200, the accrual rate for purposes of determining the guarantee would be \$20 (or \$200/10). The guaranteed amount for a \$20 monthly accrual rate is equal to the sum of \$11 plus \$6.75 (.75 x \$9), or \$17.75. Thus, the participant's guaranteed monthly benefit would be \$177.50 (\$17.75 x 10).

The PBGC guarantees pension benefits payable at normal retirement age and some early retirement benefits. In addition, the PBGC guarantees qualified preretirement survivor benefits (which are preretirement death benefits payable to the surviving spouse of a participant who dies before starting to receive benefit payments). In calculating a person's monthly payment, the PBGC will disregard any benefit increases that were made under the plan within 60 months before the earlier of the plan's termination or insolvency (or benefits that were in effect for less than 60 months at the time of termination or insolvency). Similarly, the PBGC does not guarantee benefits above the normal retirement benefit, disability benefits not in pay status, or non-pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay.

For additional information about the PBGC and the pension insurance program guarantees, go to the Multiemployer Page on PBGC's website at [www.pbgc.gov/multiemployer](http://www.pbgc.gov/multiemployer). Please contact your employer or plan administrator for specific information about your pension plan or pension benefit. PBGC does not have that information. See "Where to Get More Information" for contact information.

**Where to Get More Information**

For more information about this notice, you may contact Mr. Pete Tonia, Executive Funds Director, at 215-568-0430, Eastern Atlantic States Carpenters Benefit Funds, 1811 Spring Garden Street, Philadelphia, PA 19130. For identification purposes, the official plan number is 001 and the plan sponsor's name is the Board of Trustees of the Eastern Atlantic States Carpenters Pension Fund. The employer identification number or "EIN" for the Plan after the Plan's merger with the Eastern Atlantic States Carpenters Pension Fund is 23-1613018 (previously 11-1991772).

Issued: April 2023
